P R O F I L E

About Us

Najed Al Ahliya was established as a Local Community Contractor, registered with the Ministry of Petroleum, Sultanate of Oman, and operating under the patronage of Petroleum Development Oman (PDO).

Our diversified business model encompasses a range of activities, including oil and gas exploration and production, earthworks, and road construction within Petroleum Development Oman and OXY concession areas, as well as the supply of high-quality ready-mix concrete.

Over the years, we have built a strong reputation in the construction of roads and highways, including bridges, tunnels, flyovers, and reinforced earth structures. In addition, we offer design expertise and comprehensive engineering solutions, providing our clients with added value at every stage of their projects.

Vision

To be the most trusted and innovative leader in the global oil and gas industry, driving progress and sustainability through cutting-edge technology and responsible practices. We envision a future where our operations contribute to a cleaner, more efficient energy sector, fostering economic.

Mission

Our mission is to responsibly explore, develop, and deliver energy resources that power the world's progress. By aligning our efforts with these core principles, we strive to meet the evolving energy needs of today while paving the way for a brighter and more sustainable future.

Najed al-ahliya

What We Do

At Najed Al Ahliya, we deliver end-to-end solutions in oil & gas services, infrastructure development, and construction. From exploration and production to earthworks, road networks, and ready-mix concrete supply, we combine expertise, innovation, and safety to meet the diverse needs of our clients across Oman's key industries.

Exploration and development of Oil
and Gas Fields

Management of ready mix concrete
plant and aggregate crushers

Construction of rigid and flexible
pavements for roads and highways

Landscape development & leveling

Excavation and disposal works

Road Re-sheeting
Road Grading

Oil field road works

Rig location earthworks

Repair and maintenance of roads

Core Activities

01

EPC Projects

02

Preventive & Corrective Maintenance

03

Production Operation

04

Generators Maintenance

05

Civil & Construction Services

06

Operation Support & Provision of
production operators for stations

07

Major/Minor Mechanical Repairs

08

Welding services, NDT services, Hydro test Services

09

Minor projects

10

Control & Automation Calibration
services

11

Tanks/vessels maintenance

12

Pigging services

13

Specialised maintenance services

14

Fabrication work

15

Repair services

16

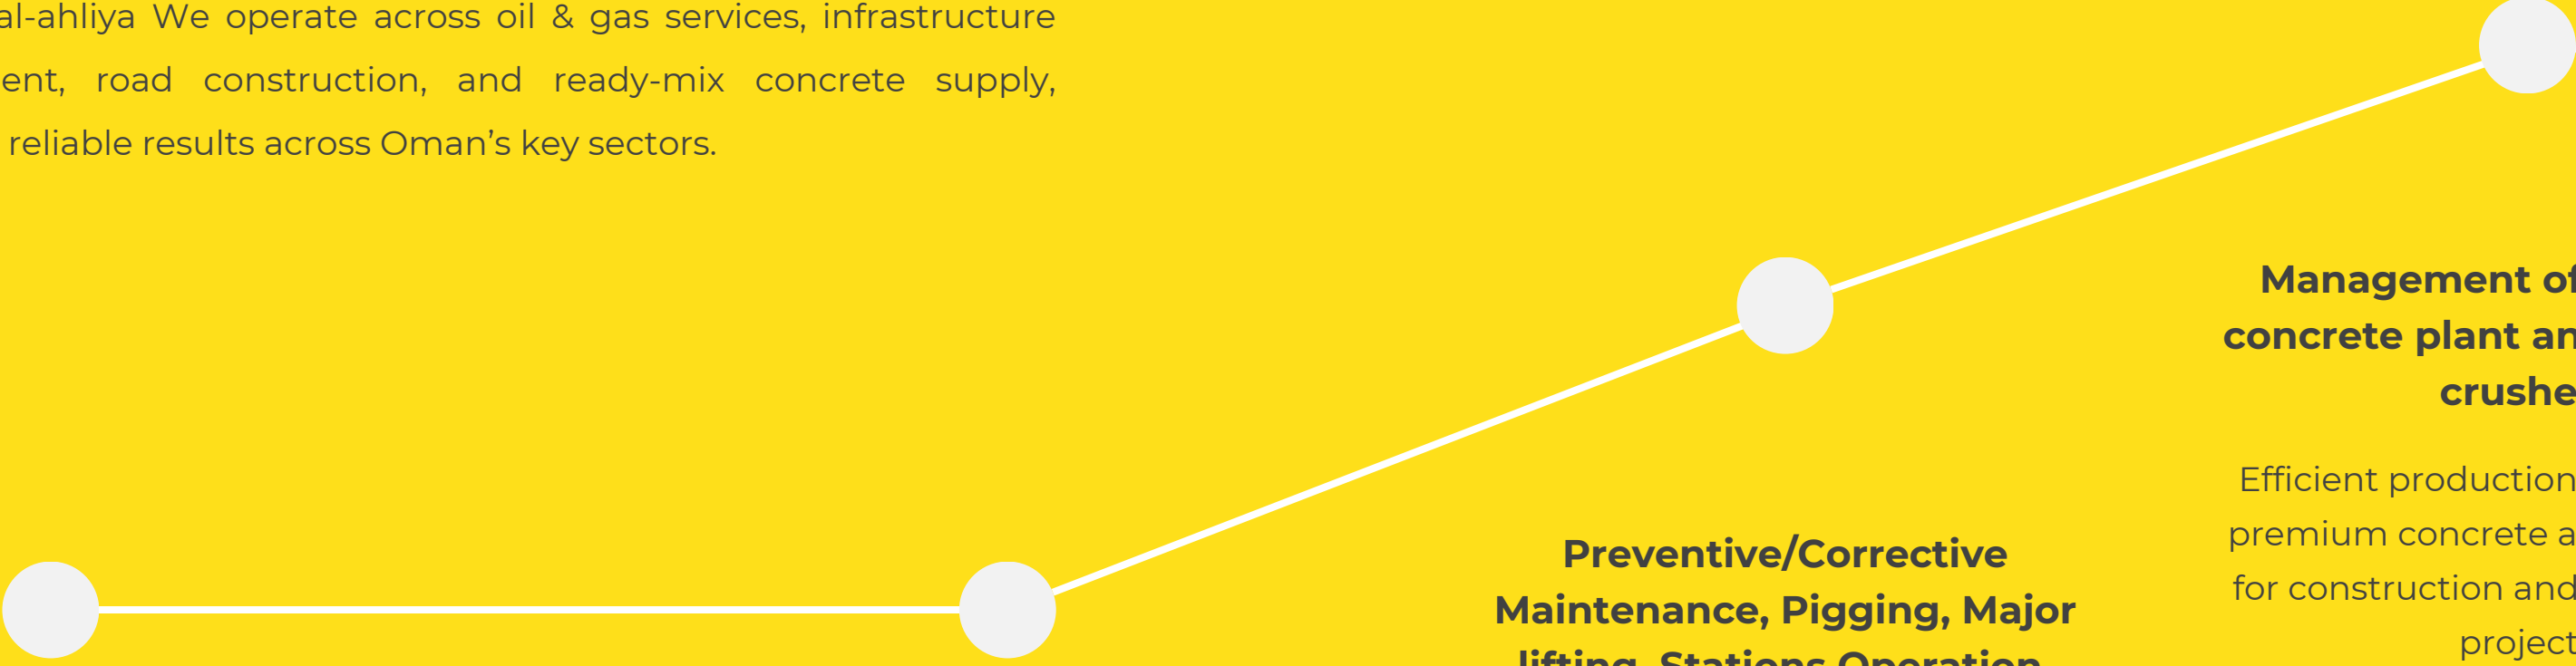

All types of construction and integrity related services

17

Scaffolding & lifting Services

Our Activities

at Najed al-ahliya We operate across oil & gas services, infrastructure development, road construction, and ready-mix concrete supply, delivering reliable results across Oman's key sectors.

**Integrated Services
Contracts Delivery**

Comprehensive project delivery with a focus on efficiency, quality, and client satisfaction across diverse sectors.

**EPC Projects – Oil, Gas,
Petrochemicals**

End-to-end engineering, procurement, and construction solutions for complex energy and industrial projects.

**Preventive/Corrective
Maintenance, Pigging, Major
lifting, Stations Operation.**

Expert maintenance and operational services to ensure asset reliability, safety, and optimal performance.

**Management of ready mix
concrete plant and aggregate
crushers**

Efficient production and supply of premium concrete and aggregates for construction and infrastructure projects

Najed al-ahliya

Construction, Operation & Maintenance Industry

Delivering reliable construction, operation, and maintenance services to support sustainable industrial growth.

Infrastructure development

Building robust infrastructure that drives economic progress and community connectivity.

Provision of supplies & services for Oil & Gas operations

Supplying essential products and expert services to ensure smooth and efficient oil and gas operations.

E & P

Engaging in exploration and production activities to unlock and maximize energy resources.

Our Field Diversification

We operate across multiple sectors, leveraging our expertise to deliver specialized services in oil & gas, construction, infrastructure, and environmental development

Najed al-ahliya

Our Key Clients

We proudly serve a diverse portfolio of leading organizations across oil & gas, construction, and infrastructure sectors, building lasting partnerships based on trust and excellence.

Operational Areas

Our operations span key regions across Oman, strategically positioned to serve major oil & gas fields, infrastructure projects, and industrial developments with efficiency and reliability.

AVAILABLE SETUP IN OMAN

01

Eight worksite offices and setup across north and south.

02

Seven workshops catering for all types of fabrication activities.

03

Three existing Ready mix plants in the oil fields areas and two more are spares used for the new contract/projects.

04

Six maintenance workshops to cater for all fleet maintenance.

05

Two crushers sites to provide raw materials for the projects.

06

Large fleet of heavy equipment and light vehicles to support the projects.

07

Supply agreements with approved suppliers to provide all the required materials for construction and maintenance.

In-Country Value (ICV)

We are committed to maximizing our contribution to Oman's economy and communities through strategic local engagement and sustainable initiatives. Our ICV achievements include:

- Deployment of 120 Local Community Contractors (LCCs) and SMEs across various activities.
- Engagement of over 25 local product suppliers, strengthening Oman's supply chain.
- Omanisation rate of 35%, fostering local employment and skills development.
- Sponsorship of more than 20 social projects, including a major collaboration with the Ministry of Health to provide a heart catheterization unit for Salalah Hospital, valued at over USD 500,000.

Health, Safety, and Environmental Commitment

At Najed al-ahliya Industries, our commitment to health, safety, and environmental (HSE) excellence is fundamental to our operations and integral to our corporate values. We prioritize the well-being of our employees, communities, and the environment through rigorous standards and proactive measures. Here's how we uphold our HSE commitment:

Approach to HSE During Startup – Road Map

From day one, we integrate Health, Safety, and Environmental (HSE) best practices into every stage of project startup. Our structured roadmap ensures hazards are identified early, risks are controlled, and safe work procedures are in place before operations begin. Certified to ISO 45001:2018 and ISO 14001:2015, we uphold the highest standards in occupational health, safety, and environmental management, fostering a safe and sustainable work environment from the outset.

Short term –3 months

- Enforcing compliance
- Competence assessment
- Risk based crews mapping
- Coaching/Counselling/Drills
- Drive Incentive schemes

Medium term –6 months

- Closing Gaps
- Improved ways of working
- HSE workshop (Review)
- Review method statements
- Drive Incentive schemes
- Learning/sustainability

Long term –1 years

- Change in mindset
- Self-monitoring
- Multitasking
- Higher efficiency
- Role-model environment

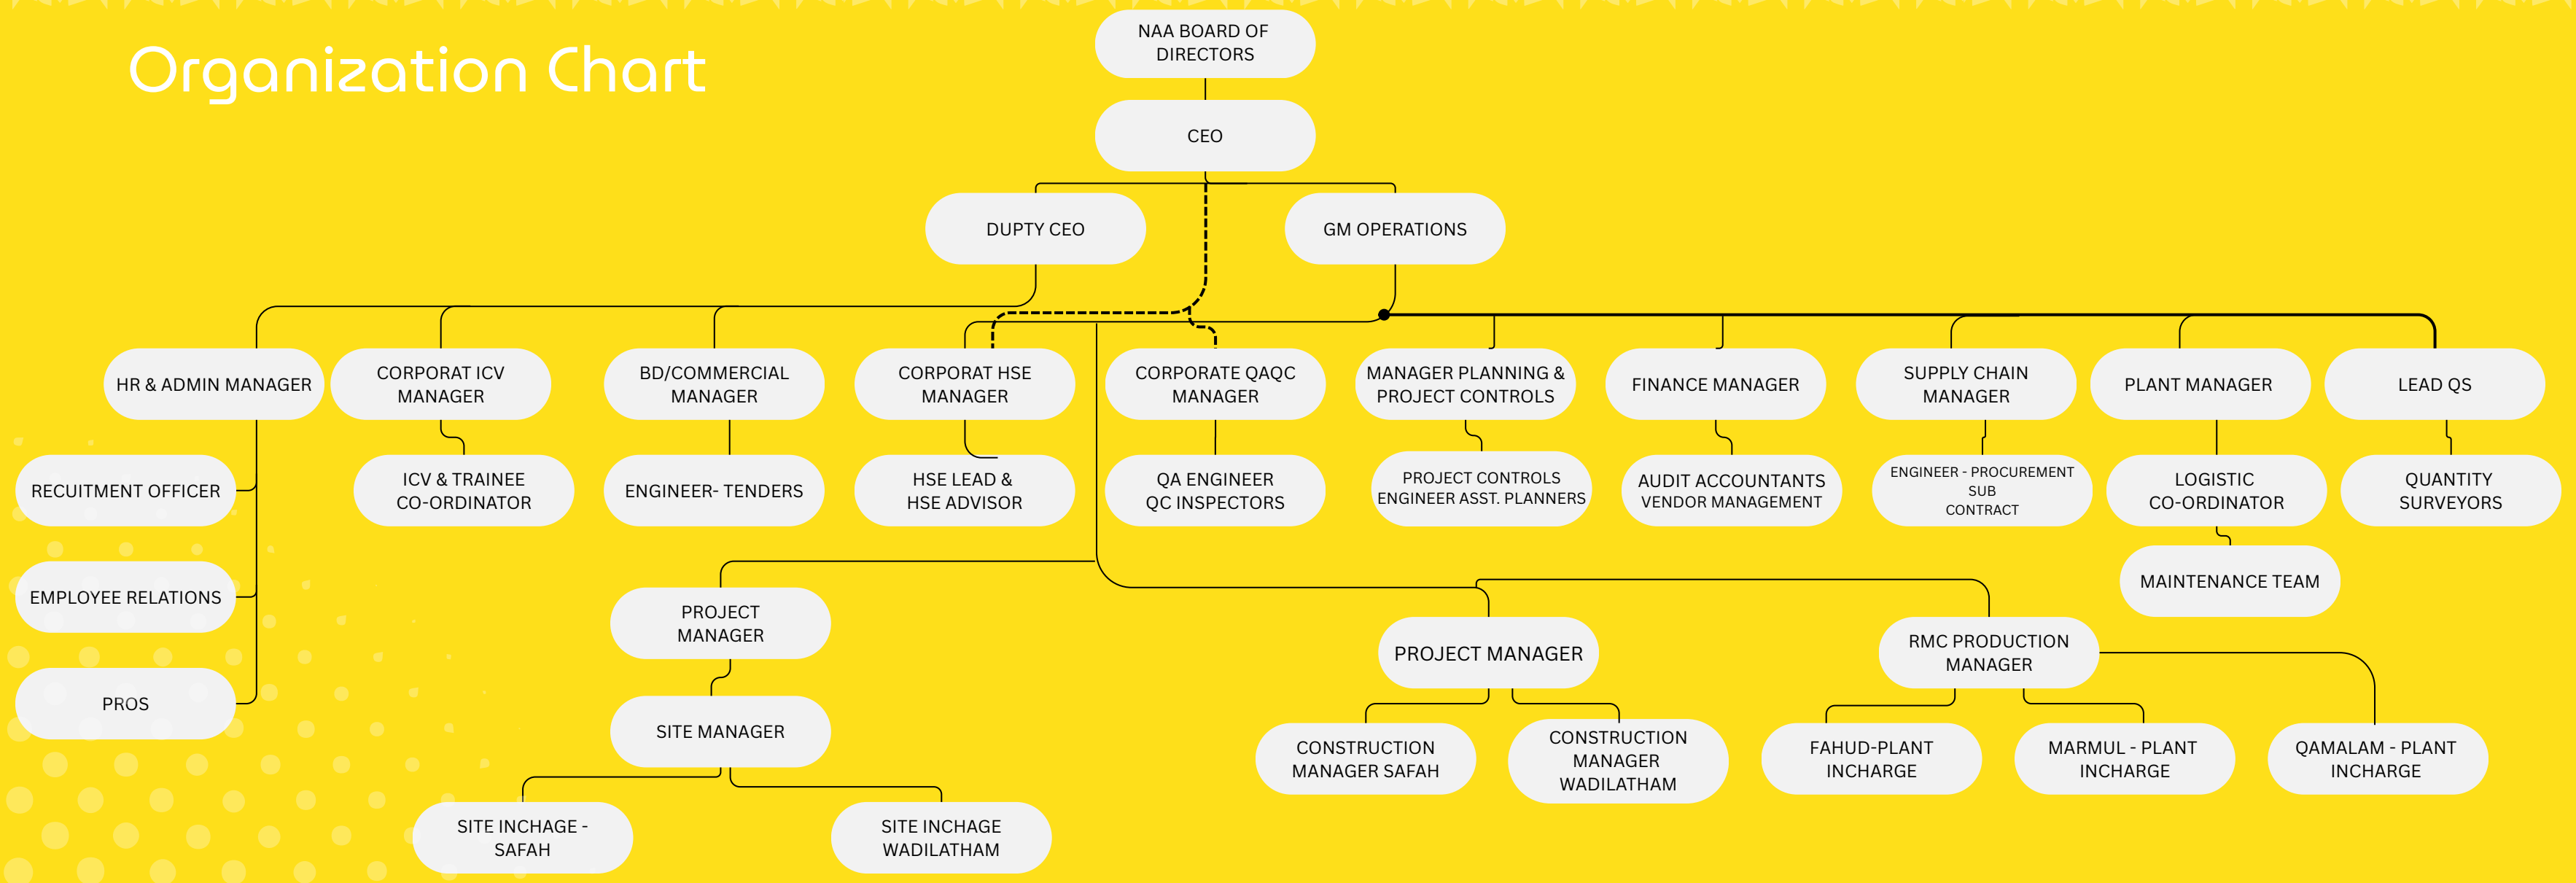

Quality Assurance & Quality Control

Najed Al Ahliya maintains a strong quality management system designed to meet the requirements of international standard ISO 9001:2015 in pursuit of its primary objectives. In addition, our quality management system and plans are approved by PDO and are fully implemented in all the operational areas.
